In the eventual case clients decide to postpone the charter for next year, we will keep the paid sum as deposit . We will change the contract and upgrade the charterprice with 2023 pricelist.

Balance Payment: 30 days before the starting date

FOR NEW BOOKINGS :

- the first payment: 50% of the total charter fee to the confirmation
- balance payment : 4 weeks before the starting date

For all bookings : Rescheduled charters are subject to current pricing. You will have to pay the difference if the booking is more expensive and there will not be a refund if the booking is less expensive.

* Our policy qualifies COVID-19 disruption as border closures, a government advisory against travelling to your destination or restrictions preventing us from operating your charter at the departure destination. The following doesn't qualify as disruption:

- Failure to provide a negative Covid -19 test to enter the county you are visiting
- A requirement to quarantine to enter the country you are visiting or to return home.

In this cases, our usual cancellation terms apply but we recommend you purchase Covid- 19 cancellation insurance when booking.
